RE: Access to Public Records Act

Ms. Beryl:

This letter is in response to your recent inquiry about the status of your Access to Public Records Act ("APRA") request ("Request"). Our records indicate we never received your initial Request for records related to ownership, operation and/or management responsibilities of the water system, the sewer system, a water treatment plant and/or wastewater treatment.

However, since receiving your recent inquiry, Citizens Energy Group has initiated a search of its public records to identify and collect those records, if any, which are responsive to your Request. Upon the completion of that task, any records found will be inspected to determine whether they contain any material which by statute shall or may be withheld from public inspection and copying. The remaining documents will be sent to you at our earliest possible convenience.

In the meantime, if you have any question, please do not hesitate to contact the attorney assigned to this Request, Lauren Toppen at (317) 927-4482.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Burks", written over a horizontal line.

Jamie L. Burks
